10th Fun Day promises to be the best yet

This Saturday at the Stanhope Township Fire Hall, people will be celebrating the 10th anniversary of the annual Fun Day, where there will be a full line-up of activities to suit both young and old.

Stanhope Township Councillor Ann Barker, who is also a member of the group which has organized this event, says the response from all the businesses in the area was just tremendous. As a result, there will be more than \$2,500 worth of prizes to be won.

Preparations for this 10th anniversary began months ago and by late last week, Barker said everything was looking good for the big day.

The activities begin at 9 a.m. and continue throughout the day until 4 p.m. at the Fire Hall facility on North Shore Road. The daytime activities include a horseshoe tournament, dog and cat shows, go carts, wagon, pony and helicopter rides. There are countless displays which will also be

(more on page 14)

Doggone good fun.

The Dog Show is always one of the more entertaining attractions at the annual Stanhope Fun Day, which is to be held this Saturday at the Firehall. This little fella came dressed for the affair at last year's Fun Day.

Waste management study could still be salvaged

The initiative for a county-wide waste-management study in Haliburton could still be salvaged if all the municipalities will agree to commit themselves to the study's findings and recommendations.

Both Stanhope and Anson, Hindon and Minden Townships Councils passed resolutions at their meetings last week that may help eliminate the main road block standing in the way of this study.

At the start of this year, Haliburton County Council pledged to place more emphasis on environmental issues. Part of this pledge was to initiate a waste-management study that would help avert an impending garbage crisis.

At first, this initiative

was welcomed by most township councils. However, a recent meeting with representatives from the Ministry of Environment revealed a disturbing problem that would very likely make the study worthless. "This problem is that, once completed, individual municipalities have the right to back away from any recommendations from the study.

This information caused Anson, Hindon and Minden Townships Reeve Sinc Nesbitt to initially recommend to his council that they do not support the study. However, at last Thursday's meeting, council passed a resolution giving conditional support.

The resolution reads: "Be it resolved that Council hereby agrees to

support the Reeve and Deputy Reeve concerning the Ministry of Environment Study. All municipalities should give their support to the study and at no time should any municipality be able to remove themselves from the study. The study should be completed and implemented for the county."

This move by Minden council mirrors, to some extent, what happened one day earlier at Stanhope Township Council.

In response to the reluctance of some members of county council to proceed with this study, Councillor Jock Mavor introduced seven recommendations to address waste-management problems in the township and the county. His final recommendation is that

Reeve Harry Davis, through county council, determine the legality of having each township council agree in advance to be bound by the findings of the study.

It is time Stanhope Council takes some positive steps to address the waste-disposal problems and concerns, said Mavor, council's representative of the Dumps Committee.

The Halls Lake dump site is scheduled to be closed in 1989, which will increase the volume of garbage entering the Maple Lake site. This will shorten the expected life span of that site. And with the potential for a county-wide plan in doubt, Mavor believes some action must

(more on page 8)

Eakins is busiest man at Queen's Park

About one-third of all government bills introduced or passed in the latest session of the Ontario Legislature were introduced by Victoria-Haliburton MPP John Eakins.

In his role as Minister of Municipal Affairs, Mr. Eakins was responsible for 11 initiatives in the first session of the 34th Legislature. Seven of the bills received Royal Assent and became law, three were introduced for first reading and one received second reading.

The session, which began in October of 1987, concluded on Thursday, June 30, 1988. The nine-month period was by far the busiest in Eakins' 13-year career in provincial politics.

"It has been a very busy and rewarding session and I am proud of all of these new initiatives," Eakins says. "In order to meet the challenges of the future, we have to introduce more responsive legislation and be ready to fine-tune existing laws."

Several of the bills represent significant and major changes regarding municipal elections in Ontario.

Bill 29, introduced by Eakins on November 23, 1987, made significant changes to the Metropolitan Toronto election process. The new law provides for a direct election to Metropolitan Toronto Council and represents the first major reform of the Metropolitan Toronto Act since it was introduced by Leslie Frost in 1953.

Eakins introduced legislation which makes important changes to the financing of municipal elections. For the first time, accountability has been introduced into the municipal election system through caps on campaign contributions and expenses.

Candidates must disclose and report their

(more on page 7)

Lake levels continue drop

This summer's drought is again playing havoc with the water levels in Haliburton County lakes and the Trent-Severn Waterway expects the situation will be at least as serious as last year.

As of July 9, reservoir water levels had dropped five per cent from the previous week to an average level of 77.4 per cent. This water level would be considered normal toward the end of the month.

"Water levels are very near the conditions we were in one year ago and are expected to decline resulting in a situation at least as serious as last year," the most recent report from the waterways authority says.

The Kawarthas have slipped down into their summer navigation ranges but will remain within a few centimetres of their full levels.

Outflows from the Trent and Otonabee Rivers is remaining at their required minimum flows and will remain so until significant rainfall provides some relief.

Ombudsman reviews Victoria School Board minutes

An investigator from the Ontario Ombudsman's Office is reviewing the minutes of the Victoria County Board of Education in regards to the board's plans to close small schools in the northern part of the county.

A press release from the Ombudsman's office says the Save Our Schools (SOS) Committee has complained to the Ministry of Education on several occasions that the board has violated the Education Act and its own policies with regard to this issue.

In a letter dated August 19, 1987, Dr. Bernard Shapiro, Deputy Minister of Education, stated that the ministry does not enforce its legislation where there are means for persons who feel that they have been improperly dealt with to seek redress. The ministry does expect, though, that there will be compliance with its legislation, he said.

The SOS Committee has filed a complaint with the Ombudsman's office concerning the lack of action to force the board to comply with the Education Act.

Red Cross Nurse Collette Fletcher brings the blood transfusion process from donor Ken Fielding, of Minden, during the clinic held July 12 at the Haliburton Legion hall. Mr. Fielding was among 208 volunteers who attended the annual clinic to donate a pint of their finest. According to clinic organizer Jim Holmes, 180 donations were received, down somewhat from the clinic held a year ago.

Appreciate the hard work

Residents of Haliburton and Victoria Counties can take pride in the work being done by the busiest man at Queen's Park, and our own Member of Provincial Parliament, John Eakins.

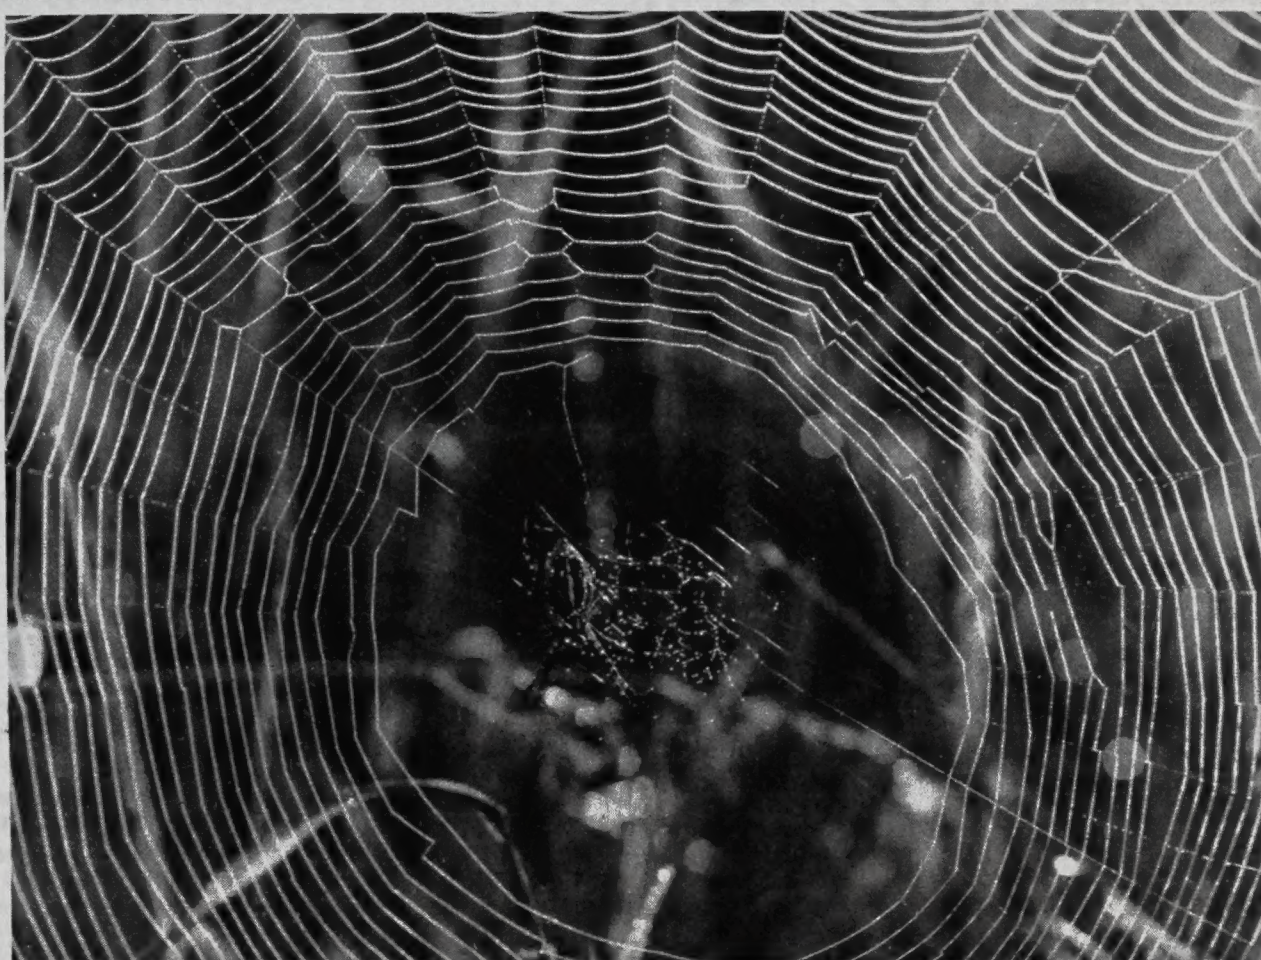

According to a recent news release, Eakins has been responsible for a third of all bills introduced or passed in the last session. As Minister of Municipal Affairs, he introduced 11 different bills, seven of which have become law. Three have been introduced for first reading and one has received second reading.

Eakins has always been an excellent representative of this riding and has earned his reputation as a hard worker with the best interests of his constituents in mind. And although his work load increased dramatically when he was appointed to Cabinet, his attention to the needs of his constituents is unfailing.

When his party formed the government a few years back, Eakins took over the role of Tourism Minister. His record in this role was such that many still think of him as Ontario's Minister of Tourism, even though he has been "promoted" to the Municipal Affairs portfolio.

With Civic elections coming this fall, Eakins accepted a big challenge when he was offered his new Cabinet role in Municipal Affairs last year. However, he is meeting the challenge in his usual style. Despite the hectic pace he has set for himself he continues to work hard for the people of this riding.

Keep up the good work, John.

*Spider webs -
Balanced on trees and shrubs,
Perfectly symmetrical.
Glistening with diamonds
Displayed through the early morning
mist
We are transfixed with their beauty.*

But were I to weave for a thousand
years,
I could never achieve such perfection.*

Mary Stewart,
Niagara Falls

Rich man, poor man

The story goes that the two famous American writers F. Scott Fitzgerald and Ernest Hemingway were having a philosophical discussion over a decanter of scotch one afternoon. "The Rich" opined F. Scott "are different from us."

"Yes" replied Hemingway. "They have more money."

It's a cute comeback, but I think there's more humour than truth in it. The Rich are different. Very, very different. The Roman emperor Caligula lusted for gold so much that he would order the floor of a hall to be carpeted in gold pieces so that he could walk over them barefooted and even roll in the stuff like a cat in heat.

On a 19th century expedition the Maharajah of Cooch Behar took along a party of 473, ranging from elephant keepers to tailors to shoemakers, cooks, bakers and waiters, right down to a Viennese conductor and a 35-man orchestra.

The occasion? A three-day tiger hunt.

You and I don't live like that. And we don't live like more modern very rich people either. People like the Duke and Duchess of Windsor, who, on their honeymoon took along 266 pieces of luggage

black 'n white

by Arthur Black

including 188 steamer trunks. People like Jean Paul Getty, the American billionaire who bought himself a 16th century English manor house, then installed pay telephones so that guests couldn't charge any long distance calls to him.

People like Howard Hughes, another American billionaire who ended his days in a darkened hotel room surrounded by Mormon bodyguards and mounds of Kleenex, watching his fingernails grow.

Weird folks, the Very Rich. Aristotle Onassis owned a fleet of tankers and freighters, the Greek National airline, mansions in Athens, Monte Carlo, Montevideo and Paris and a converted Canadian minesweeper-cum-floating-mansion called *The Christina* - yet he refused to buy a topcoat. "Because I am known as a 'rich' person, I feel I have to tip \$5 each time I check my coat," he explained. "On top of that, I

would have to wear a very expensive coat, and it would have to be insured. Added up, without a topcoat I save over \$20,000 a year."

Penny wise and pound foolish, the Very Rich. By the time he was 25 the Prince of Wales, later King George IV, owed nearly £17,000 to one tailor and £518 to his perfumer. This from a young chap trying to struggle along on a miserly stipend of only £50,000 a year.

Penny wise and pound foolish. An Armenian oil tycoon by the name of Calouste Gulbenkian once dispatched two detectives to the Turkish embassy in Moscow. Mission: to recover one rolling pin, taken by one of Mister Gulbenkians former chefs when he went to a new job at the embassy. Value of rolling pin: five bucks, tops.

Then there is Canada's largest entry in the Tales of The Very Rich - the Montegu Blacks.

Actually, the Montegu Blacks are not a tag team anymore. They're divorced, and I'm not sure they were ever wealthy enough to qualify for the title of Very Rich - these things are relative you know. A few

tters letters letters letters letters letter

Town, derby get top marks from mushers

Editor:

I just received a letter in the mail that I want to share with all of you!

By way of some background, the letter is from the Sanctioning Chairperson, International Sled Dog Racing Association (ISDRA). The contents outline the Official Evaluation Report completed on our race by mushers and ISDRA - appointed evaluators.

Every sanctioned race is evaluated in order to ensure the maintenance of the highest professional standards possible. The scoring of races is as follows:

85 - 100 - Excellent - an event with few equals...

70 - 84 - Good - topevent with only a few minor problems...

55 - 69 - Fair - an event with problems in several categories...

54 and under - Poor - an event that has major

problems...

The ratings of each race are published in INFO, an International Mushing Magazine.

I will quote directly from my letter:

"4-Dog Class Evaluation Score: 85 points; Excellent. Driver's Comments: The race was excellent. No traffic crossing trail if possible..."

"8 - Dog Class Evaluation Score: 87 points; Excellent. Driver's Comments: Excellent

community involvement - totally great atmosphere - this event is a credit to the sport. Congratulations on improvement of the 8-dog loop. this is one of the nicest and most organized races we run. Thank you!"

(ISDRA Evaluators' Comments) "Your drivers appreciated all the enthusiasm and hard work your organization put into this race. The ISDRA Sanctioning Committee feels this was one of the most outstanding races in

the ISDRA program, and the Minden Sled Dog Derby is eligible for sanctioning in 1989. To improve on excellence is hard, we can only congratulate your fine race..."

Ya Hooo! Please consider this a massive international 'pat on the back', Minden ... we deserve it! When they say that the ISDRA sanctioning committee feels this was one of the most outstanding races in the ISDRA program, that

means that Minden was one of the most outstanding sanctioned Sled Dog Races in all of North America! Not bad at all.

Thank you so much for your continued hard work, support and enthusiasm... Happy Trails...

Val Lougheed,
Co-ordinator,
Minden Sled Dog Derby

Tax break offered to home buyers

by John Eakins, MPP

There were several important announcements made recently at Queen's Park and I would like to outline a few of them in this week's column.

First of all, legislation has just been introduced which will provide tax credits for first-time home

buyers. Under the Ontario Home Ownership Savings Plan (OHOSP), the Government will spend \$50-million a year helping about 150,000 individuals and families save for their first home.

The proposed legislation provides that any resident of Ontario at least 18 years of age and spouse, if married, may make annual contributions of up to \$2,000 in each of five consecutive years. The money

will be set aside for the purchase of a first home by 1999.

A full 25 per cent annual OHOSP tax credit will be available for individuals and couples with incomes not exceeding \$20,000

and \$40,000 respectively. A reduced tax credit will be available if income exceeds these amounts. These tax credits will not apply to individuals and couples earning \$40,000 and \$80,000 respectively.

Detailed information about OHOSP and the Ontario tax credits may be obtained from the Ministry of Revenue. Those people in Victoria and Haliburton Counties who are interested can call

(more on page 7)

"GEE, WITH THIS GREENHOUSE EFFECT, I DON'T KNOW WHAT I'D DO WITHOUT AIR-CONDITION IN THE CAR AND THE HOUSE!"

My life in the early 1900's

Karen Little, a grade 8 student at Archie Stouffer School won honourable mention in the Heritage Essay Contest, sponsored by the Minden County Town Museum, for her story - My Life in the Early 1900's.

by Karen Little

"Yes, I remember when I was the man of the house, when my husband was too ill to help around the farm," Florence said, (that's me).

"Since I was a little girl of the age of four, I had helped around the farm my parents owned in Harcourt," I said.

When I was a teenager there was often a square dance. The young ladies of Monmouth Township would please the gentlemen with their pretty smiles and their silk petticoats.

Wilberforce was split into two sections. Poverty Lake where S.S. Ritchie had a store. The second section where a sawmill was, was built by Richard Dunsford on Burleigh Road. At the mill, it took eight minutes to cut one board. Soon a faster method became necessary, so Richard, (better known as William), bought a circular saw and installed it himself. Poverty Lake also had the first post office, it served North Wilberforce.

The first public school in Monmouth was a log cabin which stood beside the United Church in South Wilberforce.

The United Church cemetery in Wilberforce, sloping gently into Poverty Lake, is one of the nicest in the county. Some names you might find would be Ritchie, Miller, Burton, Austen and Madill.

The Wilberforce Outpost Hospital was a pioneer project it's success led to others set up in areas where the need was desperate including Haliburton, and then later, Minden. Without a resident doctor or telephone the nurses were forced to use the railway phone in a store nearby, which was connected to Gooderham station. The operator passed the message to the Bancroft doctor. Improved roads, communication, and a doctor with office hours, four days a week, has led to the closing of the outpost.

Forty-two years before I was born, the land of Wilberforce was surveyed, it was named after King Henry V who was born in Norman Castle in a little town called Monmouth. And that was how Monmouth got its name. Also in 1862 when the land was surveyed, it was found that 60 to 70 per cent of Monmouth was suitable for farming.

"It was hard in the olden days, but people did what they had to do," I said.

Library support increases

(from page 5)

toll free 1-800-263-3960.

Also, there was an announcement from my colleague, Lily Munro, Minister of Culture and Communications, that Ontario public libraries will receive increased

funding to support literary services for the 1988/89 fiscal year. She also announced the creation of a special fund to assist libraries in economically hard-pressed smaller communities in northern Ontario.

Each Ontario public

library board will receive an increase of at least 4.5 per cent more than their total grant amount of last year. It will be calculated on a per household basis, using statistics prepared by the Ministry of Municipal Affairs. This increase represents adjustments for inflation and any growth in the number of households in municipalities served by the libraries.

Finally, I was pleased to say that our Government will more than double funding to allow additional students to attend university this fall. The recent provincial budget provides accessibility funding of \$88-million for enrollment growth.

To assist post secondary institutions in physically accommodating the increased enrollment, the government has committed \$400-million in capital funding for colleges and universities over the next four years.

These are all important announcements which I know will assist the people of Ontario.

Eakins is a busy man

(from page 1)

financial support in elections. The new law also requires that advance polls for the 1988 municipal elections be accessible to the disabled and physically challenged. All polls, both advance and regular, must be accessible for the 1991 municipal elections.

Bill 77 received Royal Assent on December 16, 1987 and it established a new system for identifying voters for local elections. The direct-mail enumeration campaign has been very successful and is less costly and more efficient than the old system of door-to-door canvassers.

Another important initiative was Bill 46, which made changes to the Resource Equalization Grant provisions. The new law essentially increases the level of unconditional grants in Ontario.

Parking controls good at Kayak World Cup

Anson, Hindon and Minden Townships Bylaw Enforcement Officer Brad Bradamore was given a pat

on the back for his work in controlling the parking situation during the World Cup kayak races in spite of two letters of complaint from people who received parking tickets.

At last Thursday's meeting, Deputy Reeve Bern Berry said the parking was very well managed for this event, which attracted

thousands of spectators to the Gull River course during the two days of the races.

Parking has been a sore spot between council and race organizers in the past. Council members feel that the race organizers should share in the responsibility for providing parking for these events.

Berry suggested that a copy of the two letters of complaint be sent to the Ontario Wild Water Affiliation. He said that will let

them know that the municipality is doing its part to control parking.

Reeve Sinc Nesbitt added that the Affiliation, which owns the property on the south side of the river, should either open up a parking lot on their property or buy some property in the area for that purpose. At some point in the future the parking situation will become unmanageable unless something is done, he said.

Stanhope addresses garbage woes

(from page 1)

be taken locally.

The following are his recommendations, which were formally adopted by resolution at last Wednesday's meeting:

"That council expedite the Stanhope Consultant's study to locate new environmentally acceptable dump site locations within the municipal boundaries.

"That council authorize the Clerk/Administrator to determine the availability of a company that is willing to pick up recy-

clable material on a regular basis from the Maple Lake dump site.

"In the event that such a company is located, the township will undertake to place two or three containers at the dump site, with each container clearly labelled - paper, glass, etc.

"Recognizing that all pollution problems do not originate at the dump sites, it is suggested that council enact a by-law prohibiting the littering of township roads and lands. Violations of this by-law to carry a minimum penalty of \$300.

"A copy of this by-law to be forwarded to provincial authorities with a request that the OPP enforce existing by-laws that pertain to the littering of provincial roads and highways.

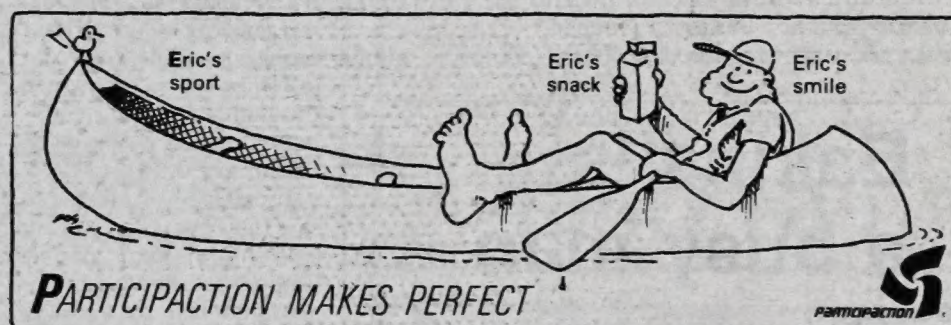

"That council authorize a letter to federal and provincial environment ministries expressing the waste pollution and disposal concerns of the council and citizens of Stanhope township. Also, urging both levels of government to enact legislation compelling manufacturing and retail

businesses to wrap and dispense their products in biodegradable plastic."

"Undoubtedly, there are other steps that council could take to address the

ever growing problems of effective waste management," said Mavor. "However, I am sure that prompt action by council on the initial steps suggested, will

provide the catalyst necessary to implement an effective waste-management program in Stanhope township."

County reform a vital issue

Deciding the future of County Government in Haliburton is one of the most important things that area council members will

deal with in their lifetimes, Anson, Hindon and Minden Township Reeve Sinc Nesbitt said last Thursday, commenting on the recent Consultation Committee meeting on County Government.

At Thursday's council meeting, Councillor Verne Graham congratulated Nesbitt for the active role he played in the July 13 meeting with representa-

tatives from the Ministry of Municipal Affairs. Nesbitt kept the meeting going, and helped make the process very worth while, said Graham.

The meeting was one of many being held across Ontario. It was called by the ministry after a November, 1987, study made numerous recommendations regarding County government and structure.

Municipal Affairs Minister John Eakins appointed a Consultation Committee on County Government Reform to visit counties across the

province and make recommendations based on the input from the public,

members of county councils and members of municipal councils.

Ladies' results

The following are the scores from this past week's play in the Ladies Softball League:

- July 7, Haliburton 11 - West Guilford 11, played in West Guilford.

- July 11, Haliburton 9 - West Guilford 4; Minden Seniors 14 - Rockcliffe Snack Bar 8.

- July 14, Rockcliffe Snack Bar 17 - West Guil-

ford 7.

As the season is rapidly coming to a close, there are eight games left, these are the standings:

1. Rockcliffe Snack Bar 9 wins and a tie.

2. Haliburton six wins and two ties.

3. Minden Seniors four wins.

4. West Guilford three wins and a tie.

Board will review postal rates, services

by Bill Scott

On June 27, 1988, Harvie Andre, Minister of Consumer and Corporate

Affairs and Minister Responsible for Canada Post, announced that the Government will establish an independent national

board and a network of local customer councils to review Canada Post rates and services.

"Setting up a system that gives Canadians a voice in the planning of postal rates and services is an idea whose time has come," Mr. Andre said. "Now that Canada Post is breaking even and revenues are coming out of the pockets of postal users, customers have a right to a say in both national and local issues."

The new system will comprise two components: a Postal Services Review Board based in Ottawa, and a network of nine Postal Service Customer Councils, one in each operating division of Canada Post.

The Board will review rates, as well as service issues of broad national concern. The local Councils will address individual concerns. The Board will also hold public hearings and consult with Canada Post on rates and services, and will make its recommendations public. Canada Post will be

required to respond publicly to the Board's recommendations, within 30 days.

The Minister said legislation to put the new system in place would be introduced in Parliament as soon as possible. However, to ensure that the new process can take effect in time to influence Canada Post's next planning year, Mr. Andre announced the establishment of a three-member committee to perform the full functions of the permanent Board until the legislation is enacted.

Appointed to the Committee are:

Mr. Alan R. Marchment, Chairman and Chief Executive of the Wiltshire Group Ltd., who headed the 1985 Committee on the Mandate and Productivity of Canada Post Corporation. He will serve as Chairman of the Committee.

Mrs. Sally Hall, past President of the Consumers' Association of Canada.

Mr. Claude Senneville,

former member of the National Energy Board; former Vice-President, Quebec Region, of SNC Enterprises, as well as the founding president of Terratech, Montreal.

The Board's recommendations will carry the weight and credibility that

only an impartial, fully-informed body can bring to public discussion. It will mark the crossover point to an era in which the users and providers of postal

service can work together to build the postal system we all want and need.

letters letters

No justice

Editor:

After reading the Letter to the Editor in July 4th Times, I wish also to express my concern about our judicial system.

I was a victim of assault recently and as well my 13 year old daughter was threatened. Who knows what he would have done to her had I not stepped between them to try to protect her. The man was charged March 15th, pleaded guilty May 4th and wasn't sentenced till June 29th. All this time, walked the streets. All he received was one year

probation - a "slap on the wrist". Yet a few weeks earlier a woman received 5 days in jail and a one year probation for assaulting her 9 year old daughter. Is our system so unfair that it'll let a man go free and yet jail a woman for the same charge of assault? I know the fear and terror my daughter feels and now she and I have to cope with the fact he's free to walk the streets. Is my daughter really safe These emotions and fears leave scars that last a lifetime.

Nancy Bussey,
Minden.

PUBLIC NOTICE TIMBER MANAGEMENT PLAN BANCROFT DISTRICT INVITATION TO PARTICIPATE

The Bancroft District of the Ministry of Natural Resources is about to initiate a Timber Management Plan for the Bancroft Crown Management Unit.

MAP OF MANAGEMENT UNIT

The management plan will outline all potential areas for harvest, renewal and maintenance for the twenty year period from 1190 to 2010, and specific areas for harvest, renewal and maintenance for the first five year operating period. At the end of each five year operating period, a new updated plan will be prepared for the next twenty year period. The plan will also describe planned road locations and methods of addressing any identified concerns of other users of the forest. The planning process will start July 15, 1988 and will be completed by March 15, 1990.

You are invited to participate in the preparation of this plan by submitting your comments, either verbally or in writing, to the District Manager, Ministry of Natural Resources, Box 500, Bancroft, Ontario K0L 1C0, by August 15, 1988.

Please identify areas which contain resource features, land uses or values that may be affected by timber management operations; and specific issues or concerns which you feel should be addressed, or any background information you may have on the management unit.

The public will have four opportunities to comment on the plan during the next 20 months.

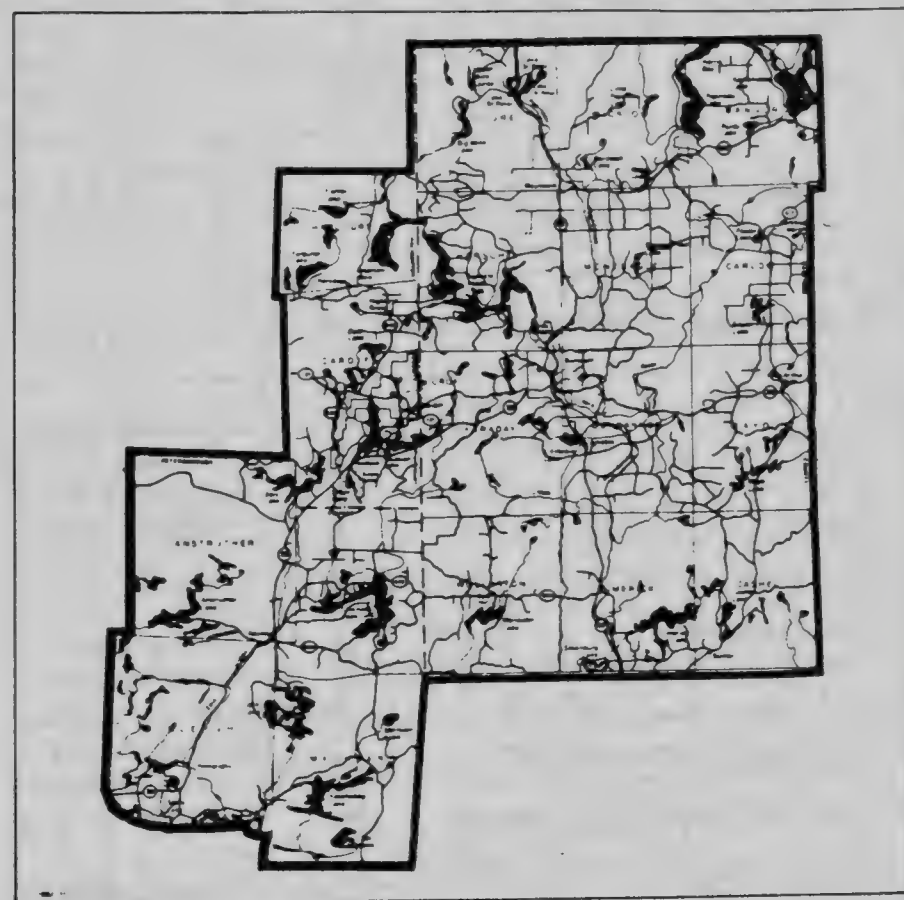

- | | |

Onondaga invites thousands to anniversary

Onondaga Camp, one of the oldest summer camps in the Canadian camping community, has invited over 1000 old campers, staff and friends to return to the camp in Minden and celebrate their 70th Anniversary.

The reunion will bring together several gener-

ations of camp alumni from all over North America and beyond. Old campers and staff members share in a diverse history of achievements at Onondaga, from the arts to wilderness camping.

Some thirty years ago the camp's little theatre staged the first full

production of the musical 'Oliver', months before the North American Broadway opening.

During the Centennial of 1967, 40 Onondaga Camp canoes journeyed over 250 miles down the Ottawa River to Expo '67 but not without mishap! One of the boats capsized

right between the American and Soviet pavilions.

That same summer, an even luckier crew of counsellors-in-training completed the first arctic canoe trip by an Ontario camp. They tackled the white water of the Thelon River over a 30-day expedition in the North-

west Territories. David Thompson, one of the young voyageurs on that trip, has several times more since 1967 paddled the two Arctic's waterways. Last summer David returned to the Thelon to lead the Duke and Duchess of York on their famous white-water canoe trip.

Onondaga looks forward to welcoming all of

them and more at Reunion '88. The fun times and old

times are scheduled "on the shores" at the camp through the Labour Day weekend, September 3 to September 5. Those who can't make it then won't want to miss the com-

memorative dinner this Fall in October in Toronto.

Get away to 'Getaway Country'

submitted

In keeping with the challenges of the tourism industry, the second largest industry in the Province, the Central Ontario Travel Association has developed a new slogan to lure visitors.

The area encompassing

Central Ontario is now called "Getaway Country", encouraging people to 'get away' from the cities, visit our area, and enjoy all of the activities, events and peacefulness that we have to offer.

The association has grown immensely in the past year, both in its promotional campaign

and staffing areas. We plan to spend over \$600,000 this year to lure visitors from southern Ontario and the northern U.S. to 'Getaway Country', to help our businesses grow and boost our economy.

Tourism is economic development and must be recognized as exactly that.

It's one of our major industries that is a renewable resource without environmental impact.

We encourage everyone in Central Ontario to use our 'Getaway Country' slogan and help us familiarize the general public with this fantastic area of ours!

Hustlers steal Harcourt tourney

The Minden Rockcliffe Hustlers travelled to Harcourt the weekend of July

8, 9, 10 to take part in the Grenville Martin Memorial Tournament. After four

well played games, the team emerged the champions of the tournament.

On Friday, Minden defeated Quinte by a score of 2 - 1, on Saturday they shut-out Maynooth 5 - 0, on Sunday they blanked Uxbridge 1 - 0, to advance to the championship game against the Belleville Doctors. The Hustlers defeated the Belleville team 7 - 4 in a hard fought contest to take home the championship.

Minden pitcher, Jack Snell was named the most valuable player of the tournament, allowing only 1 run during the weekend. Minden was bolstered by

the addition of Bernie Nicholls, Wade Stamp and Chris Palmer for the tournament.

In regular league play, Monday night in Bobcaygeon the Hustlers were defeated by a score of 4 - 1.

Back home on Thursday the Hustlers defeated Woodville by a score of 7 - 1. Bob Johnson and Doug Shaw led the batting with a home run each, while Jack Snell aided his own cause hitting two doubles.

A good crowd was in attendance, be sure to come out next Thursday, when the Hustlers host the Lindsay Kent Tavern team.

Thompson pots hole in one

It was a red letter day July 9 for Minden area golfer Tom Thompson.

Playing on the sixth hole at Blairhampton Golf Course, Tom completed a golfer's dream by scoring a

hole in one.

The former owner of Moore Lake Marine scored his ace on the 164 yard hole, while playing with friends Harry Groome, Ray Foley and Norm Scott.

Fire protection 'hot topic' at meeting

by Susan Wilson

The annual meeting of the Canning Lake Property Owners' Association (CLPOA) was held Sunday, July 10, at the residence of Bill Riddell.

Since Canning Lake has shoreline in Minden and Snowdon townships, the special guests included Sinclair Nesbitt, Reeve of Anson, Hindon and Minden Townships as well as Deputy Reeve Bern Berry and Bob Vick, Reeve of Snowdon Township. Robert Gater, Conservation Officer with the Ministry of Natural Resources, was also a guest speaker.

The hot topic at the meeting was the question of fire coverage. Nesbitt stated that Snowdon was being asked to pay Minden \$4,000 on a total fire department budget of \$70,000. Minden council has asked to sit down with

Snowdon to discuss this request, but so far Snowdon has not responded.

When asked by CLPOA President Gary Kapac whether the residents of Canning Lake continued to have fire protection Snowdon Reeve Bob Vick replied that the current agreement was good to the end of the year and after that it would be up to the new council to decide how to proceed.

When pressed by Kapac to name a date when the two municipalities could discuss the issue, Vick declined to do so, claiming that there was nothing to discuss since the current agreement was in force and anything the incumbent council might decide for January 1989 and following could be overturned by a newly elected council.

Under other business, Kapac announced that the road and cottage number-

The Canning Lake Property Owners' Association held its annual meeting on Sunday, July 10, at the residence of Bill Riddell. President Gary Kapac addressed the meeting which covered a wide range of issues including the hot topic of fire coverage.

ing process had been completed and remaining junction signs would be installed shortly. Road captains will be visiting members during the summer to ensure that

How the rich keep the wolves at bay

(from page 4)

million bucks don't go as far as they used to.

Nobody knows this better than Mariellen Black, estranged wife of the aforementioned Montegu. The courts are trying to decide how Mariellen will keep the wolf from the door, now that she and Montegu no longer bunk together. According to her budget, submitted at the divorce trial, her annual expenses include:

\$11,040 for telephone calls

\$16,363 for gifts and flowers

\$17,760 for meals outside the home
\$27,500 for clothes

All of which is not to moan the blues for Montegu Black who has somehow managed to keep soup on the table with the paltry \$34.8 million he got from selling his Argus Corp. partnership a few years back.

F. Scott was right: The Rich are different.

Somewhere tonight somebody more like you and me than Montegu and Mariellen will read about the Blacks, shake his head in bewilderment, then lie down to sleep on a park bench, with the paper over him to ward off the night chill.

Canning Lake meeting

Association Scholarships awarded

(from page 13)

signs are properly displayed.

Maintenance and numbering of marker buoys is being undertaken by the association. In addition, a dredging of the Ingoldsby channel by volunteers has been approved by the Ministry of Natural Resources. Members were requested to bring shovels and pails for removing gravel and rocks from the channel on Sunday, July 24, at 11 a.m.

CLPOA has adopted a new logo designed by Jessica Mitchell, age 12. Mitchell was presented with the first Canning Lake sweatshirt in thanks for her contribution.

Bill Riddell announced the winners of the two scholarships given by the association to students at Haliburton Highlands Secondary School. Christopher Holliday-Rhodes received the Sherman Taylor Award, named for the founder of the association. Mark Robinson received the CLPOA Award. Both are worth \$50 and accompanied by a small trophy. Riddell also announced that the Fred Jones Bass Trophy was won by Frank Newsome; his catch weighed in at 4 lbs., 14 oz.

Robert Gater addressed the meeting about the role of the Ministry of Natural Resources. Chief among their responsibilities are law enforcement concerning fishing licences and fire regulations. He reminded those assembled that Haliburton remains under a fire restriction during the current critical conditions. This means that open fires are not allowed.

The defoliation committed by the forest tent caterpillar has made a bad situation worse. Gater indicated that the caterpillar population will be just as numerous next year as in 1988. Healthy trees are being affected by the defoliation, although many trees are now rebounding. He therefore advised against cutting down any trees as it will take time to see how they fare.

Gater also reported that

the ministry has been stocking lake trout in Canning Lake for a number of years. In 1987, 2,500 were put into the lake. Cottagers can provide useful information to the Ministry by filling in creel census forms and by letting them know where the spawning areas are, particularly for walleye and pickerel. It is important that the low water levels in the fall be achieved before the lake trout start spawning so that their spawning beds are not left high and dry by receding waters.

After a question and answer session, Gater was thanked for giving up his Sunday morning and received one of the new CLPOA golf shirts.

Concerns brought up by members in an open session toward the end of the meeting included algae levels, the availability of phosphate-free soaps at Minden stores, neighbours lighting open fires, and speeding in the channel.

A reminder of the CLPOA social calendar was presented, including a golf day on July 17, a Fun Day at Ingoldsby Park on July 30 and a rock bass derby on August 6.

The new 15-member executive was elected by acclamation and the meeting adjourned for coffee, cookies and conversation.

Don't wind up in the drink.

Going for a swim when your head's already swimming is an open invitation to trouble. Water sports and alcohol just don't mix. So before you dive in, be sure you haven't been in the drink. The message in the bottle is quite simple — don't.

The Canadian Red Cross Society

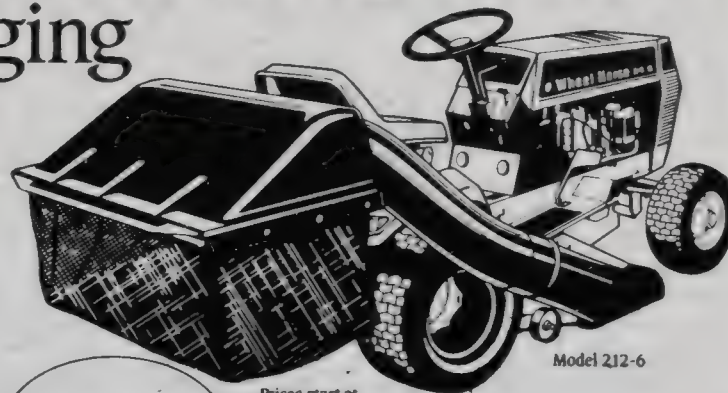

Buy A Wheel Horse Now And Get A Bagging System Free!

That's right! Buy a Wheel Horse 200-Series Gear-Drive Lawn Tractor* during the month of July and receive a FREE BAGGER! Collect grass clippings this summer and leaves this fall whenever you mow. Clean up will be easier and you'll never pick up a rake again!

The Wheel Horse 200-Series is a powerful line of lawn tractors ranging from 8 to 12 horsepower. Designed for maneuverability and easy use, they give you the performance of a larger tractor at an affordable price. With a FREE BAGGER during July, this offer leaves the competition far behind.

*Free Bagger available with Wheel Horse Models 200-4, 211-4, 211-5 or 212-6 when purchased between July 1 and July 31, 1988.

Carnival provides family fun evening

For those people who missed the July 1 fireworks display, or for those who can't get enough aerial pyrotechnics, the upcoming Minden Rotary Summer Carnival should be able to satisfy that appetite. The club has introduced the fireworks display as a new feature of the annual summer event.

The carnival is scheduled for July 27 at the Minden arena.

As in past years, the carnival will feature the usual fun mixture of midway, games of chance and a dance.

The fun gets underway Wednesday evening at 5 p.m. at the arena when the midway, indoor games and food booths open. The Rotary club will be offering a tasty roast beef on a bun supper, for those who want to avoid the heat

of the kitchen.

During the meal, which will be served from 5 p.m. to 8 p.m., a special performance by the Winona Drive Brass Quintet from Toronto will take place. This talented group of musicians from an elementary school in Toronto have toured Japan and been a part of the program at the recent Economic Summit in Toronto. Under the direction of Walter Barnes, an instructor at a music course being offered this summer through the Haliburton School of Fine Arts, the quintet will play a varied selection of pieces in a program lasting about 40 minutes. Their program gets underway at 5:30 p.m.

At 7 p.m. a talent show, featuring local performers will take to the stage. Everyone is welcome to

parade their specialty and perhaps win one of the prizes being offered.

Throughout the evening

the Rotary Club will be operating a number of games of chance on the ice surface. Several children's

The sweet taste of carnival fun.

games have been included in the line-up to ensure each child goes home a winner.

As well, in the community centre, upstairs, a pay-as-you-play Bingo hall will be open to the general public.

Starting at 9 p.m. and continuing until 1 a.m. there will be dancing on the arena floor featuring the sounds of a local band Ugly Rumor. Admission to the arena is free for all activities.

The fireworks display, under the supervision of the Minden Fire Department, is scheduled for lift-off at 10 p.m. The display will be staged in the field adjacent to the ball diamond with spectators advised to take up vantage points on the rim of the hill or along the fence at the rear of the arena.

At 11 p.m. during the

dance, a draw will be made for a cruise for two (value to \$4500). Tickets for the raffle are currently on sale throughout the community from any Rotary Club member. (Individuals wanting to order a \$5 raffle ticket by mail can do so by sending a cheque or money order, with your name, address and phone number to: Rotary Cruise Raffle, Box 678, Minden, Ontario, KOM 2K0.

Missing from this year's program is the parade.

According to the chairman of this year's event, all proceeds from the various activities will go toward assisting the Rotary Club in carrying out its many worthwhile projects in the community. The event is designed not only as a fund raiser, but to provide an evening's entertainment for the entire family.

Weather changes could be long-term trend

So far July has not been kind. Although I am writing in a comfortably air-conditioned room, outside the temperature has reached 38 degrees Centigrade, a temperature more appropriate for Las Vegas than southern Ontario. And the air out there is as dry as last year's leaves, quite unlike the humid conditions which usually accompany high heat near the Great Lakes.

In areas where sprinkler systems still operate there are misleading oases of green. Elsewhere vegetation is crisp and crunches underfoot. Normally in a dry season plants recover during the night when temperatures drop and humidity rises. But this year the low humidity has denied them even this respite. Along with the drought has come wind. In areas like south-western Ontario where the soil is sandy, the wind has lifted the topsoil and scoured vegetation like an abrasive.

Summer wildflowers like the oxeye daisy which normally blanket roadsides and meadows are wilting and drying up. Delicate annuals like the fringed gentian will probably try to weather the drought by becoming for this season biennials; that is, they will put on only vegetative growth this year, and bloom and seed next season.

Without a rain soon almost all crops in Ontario will be severely damaged. Life can't exist for long without water. It is the universal solvent, releasing nutrients in the soil for plant use. In the absence of moisture the dessication of soil and vegetation raises the spectre of fire. Last week in large areas of northern Ontario the ministry of Natural Resources put a ban on all fires, even cooking fires until the situation improves.

In a period of harsh weather like this it is natural to wonder if the climate is really changing, or whether this is part of some natural cycle. From the past there are records of violent climatic changes arising from natural causes. Recently, however, scientists have accumulated evidence that human activity is altering the earth's atmosphere sufficiently to enhance the natural "greenhouse effect" of certain gases.

Most gases in the atmos-

outdoors

Federation of
Ontario Naturalists

phere like nitrogen and oxygen have little effect on the earth's climate, and if they were the only constituents the earth would be a harsh place, inhospitable to life. Certain minor gases like water vapour and carbon dioxide allow solar energy to reach the earth's surface but retard the return upward of infrared radiation. Their role in creating a warming greenhouse effect is critical to life.

However, several of these gases, especially carbon dioxide, are increasing steadily in the atmosphere. The increased carbon dioxide comes largely from our burning of fossil fuels. Also we are adding manufactured greenhouse gases like the now notorious chlorofluorocarbons (CFCs) which are best known for their erosion of the protective ozone layer.

No one can predict with certainty the long-term effect of these increasing quantities of greenhouse gases in the atmosphere, but they will probably cause a warming trend which would especially affect areas in the northern hemisphere like Canada. The climate would be much warmer and drier making an assured water supply a key issue. Some experts feel that the recent series of very mild winters and abnormally hot summers that have been experienced generally in the 1980's are a foretaste of what is to come.

The consensus seems to be that the greenhouse effect can be slowed down by preventive action like reducing emissions of these gases. A world agreement known as the Montreal Protocol was signed in 1987 pledging to reduce the use of CFCs by 50 per cent by 1999. This is a first tiny step. But the main culprit, carbon dioxide continues to pour into the atmosphere from fossil fuels and also from the burning of huge tracts of rainforest. Since normally forests and vegetation remove CO₂ from the atmosphere and release it when burned, deforestation is a major cause of the increase in carbon dioxide.

The conference is official acknowledgment

of a problem largely of our own making, and a warning that it will alter our future. For further information write to Environment Canada, Atmospheric Environment Service, Canadian Climate Centre, 4905 Dufferin Street, Downsview, Ontario M3H 5T4 asking for their fact sheets on global warming.

Student venture encourages entrepreneurship in youth

by Anne Hewitt

All it took was an innovative idea, a lot of hard work, and a \$3000 loan from the government, and Shona Ross was in business for herself.

Shona is part of a program known as the Student Venture Capital Program, sponsored by the Ontario Ministry of Skills Development in conjunction with local Chambers of Commerce and the Royal Bank. The loan is interest free, and must be paid back by the end of September.

The 22-year-old university student is selling Haliburton School of Fine Arts sweatshirts to the

students who attend the summer workshops. The school hosts five one-week workshops with approximately 300 students attending each week.

"My goal is to sell 400 sweatshirts at \$25 each," said Ross. "That's only one quarter of the number of students that will be at the school."

The logo on the shirts was made in 1969, and Ross had to get permission from Sir Sandford Fleming College to use it. It consists of five characters each performing some sort of artwork taught at the school.

Ross is a Public Relations Technician at the School of Fine Arts,

and is planning on selling the sweatshirts in her spare time. "I'll sell them at lunch time and after school," said Ross. "So it doesn't cut into my work hours."

Before she was given the loan, Ross had to meet with Shirley Rapson, the Manager of the Haliburton Highlands Chamber of Commerce. The chamber advised her of what needed to be done, and gave her help along the way. Ross had to make up an expense report, and research every aspect of her business before it was approved by the chamber and sent on to the ministry.

"Shona came to me with her idea, and had a solid understanding of how to

make it go," said Rapson. "I was encouraged by her enthusiasm, knowledge, and willingness to take advice and act on it."

Sales of the sweatshirts began two weeks ago, and already they are a popular item. "Sales are going well considering it's been so hot," said Ross. "People love the design."

Now that she has had the experience of starting a small business, there is a possibility of expansion next summer. "Next year I might take a little more risk. Maybe I'll make each one a silk screen original," said Ross. "But the important thing is not to sell quantity, but personality and individuality."

Minden OPP notes

During the week of July 4 to 10 officers of the Minden OPP Detachment investigated 111 general occurrences and 19 traffic accidents with 11 persons injured and one person killed.

Fatal car accident

A two-car, head-on collision on Hwy. 118 north of Haliburton has resulted in one death and three persons injured.

The accident occurred at 11 p.m. on July 8 when a southbound vehicle

operated by Brian Cohen, age 20 of Willowdale, collided with a northbound vehicle operated by Edward Garnett, 61, of Thornhill.

Sherry Menashy, 17, of Willowdale was killed in this accident. Garnett, his passenger Terri Jinkinson, 29, and Cohen are in Sunnybrook Hospital.

Provincial Constable Mark Davis is continuing his investigation into this accident.

Fatal cottage fire

A cottage fire on

Burdock Lake early on July 10 has claimed the life of a Guilford Township man.

Randy Allan Griffin, age 26, did not escape the fire which burned the Neil Cowey cottage to the ground.

The fire woke Cowey at 5 a.m. but he was able to escape through a window.

The Haliburton Fire Department was called to the fire.

Provincial Constable Bob Wood and the Ontario Fire Marshal's office are continuing their

investigation.

Lost and found

Found - Minden - outboard motor.

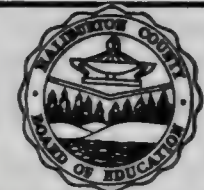

Lost - Rotary Beach - black wallet.

Thefts around the county

Raven Lake Landing - 12' aluminum boat "Nelco".

A dream come true

Misti Campbell.

by Anne Hewitt

Ever since Misti Campbell was a child she has wanted to be a foreign exchange student.

Now the 17-year-old Haliburton Highlands Secondary School student is going to have her chance. Campbell leaves for Japan on August 24 as part of the Rotary Exchange Program.

"My goal all through public school was to be an exchange student. When I heard about the Rotary program I knew it was for me," said Campbell.

Campbell first applied to the exchange program when she was in grade 10, but the one exchange position available was given to her classmate, Tyna Hie. In grade 11 she applied again and was chosen to be Minden's representative abroad.

The selection process involved filling out a variety of forms and questionnaires, as well as an interview in front of a six-person panel. The interviews took place in November, and within a week the four candidates were notified of the decision.

"I had some good competition," said Campbell. "The first time I applied, I thought I was a shoe-in, and I was disappointed when I wasn't chosen. This time I didn't let my hopes

get up too high."

Campbell chose Japan out of approximately 13 other countries, because of its different culture.

"People told me not to go to Japan," said Campbell. "But the more different and unique I learned the culture was, the more I wanted to go." Campbell will be living in the second largest city in Japan. Osaka has a population of approximately 15-million people, but the size of her host city doesn't bother her.

"The bigger the city, the better," said Campbell. "But now I do find myself appreciating things here in a small town!"

At the moment she only knows her first host family, but she will be staying with other families while overseas. The number of host families usually depends on the community.

"Sometimes everyone wants an exchange student to live with them, and

sometimes no one wants the student," said Campbell.

Not only is she looking forward to the fun she will have on her trip, Campbell is also excited about the educational aspects of travelling.

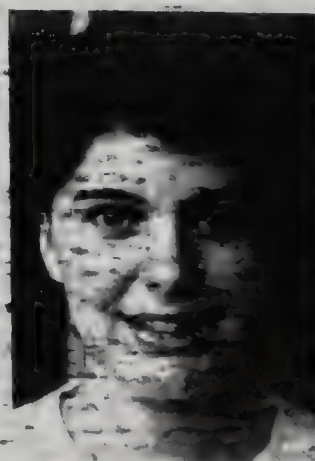

"I'm like a sponge," said Campbell. "I'm excited about learning on my own, and experiencing new things."

So far Campbell isn't too nervous about the exchange, but she does realize that her year in Japan will not be flawless. "I'm going to make a lot of mistakes," said Campbell. "But I want to know enough about the culture to be aware of them."

As for homesickness, she doesn't think it will be a problem.

"I'll probably get so caught up in what I'm doing that I'll save my homesickness for the end, and get depressed just before I leave Japan."

Home from Down Under

Tyna Hie.

by Anne Hewitt

For Tyna Hie, being a Rotary exchange student was an opportunity to grow and mature.

"I think the maturing is the best thing that can happen to you," said the 18-year-old Minden resident. "Every parent should send their child on an exchange."

Hie left for Goulburn, Australia on August 23, 1987. Not only did she have to deal with relocating herself, she also had to be prepared to be away from her family and friends. As well, an exchange student often has to deal with a language barrier—even when the host country's native language is English.

"Australians use a lot of slang," said Hie. "Sometimes I thought I was learning a completely new language."

Despite all the difficulties of getting settled in a new country, it did not take Hie long to start enjoying the countryside and the people. "Everyone there is really outgoing, they are free and easy," she said. "And the country is breathtaking! There was such a variety of climates and landscapes that you could be driving through the Snowy Mountains one minute, and be in a desert the next."

Goulburn is located two hours south of Sydney, New South Wales, and one hour from the nation's capital, Canberra. It is a "small country town" of approximately 24,000 people. It has several tourist attractions, as well

as four highschools, a prison, and a police training college.

"I found it a lot like Minden," said Hie. "Only 12 times bigger!"

While Tyna was in Australia she travelled on a double-decker bus to Mulwaree High School, and attended classes from 9 a.m. to 3:15 p.m. The school was for children in grades seven through 12, and all students were required to wear a uniform.

After almost a year away, Hie was happy when she reached Minden on June 24.

"Minden has changed an awful lot," said Hie. "But the people haven't. It's always good to come home."

Mountain Lake meeting

Lake biology revealed

by Susan Wilson

In addition to the usual business on the agenda of any cottagers' association the annual meeting of the Mountain Lake Property Owners' Association (MLPOA) held on Saturday, July 9 at the Wild Water Preserve clubhouse heard from three guest speakers: Bernie Neary, Director of the Inland Lakes Program for the Ministry of the Environment; Jean Anthon, President of the Federation of Ontario Cottagers' Associations (FOCA); and Mike Maybee, OPP Community Relations Officer. Both Neary and Anthon are also members of MLPOA.

Neary discussed the biology of Mountain Lake. The food chain, from the bottom up, progresses

from nutrients and sunlight to phytoplankton (algae) to zooplankton to planktivorous fish (such as perch, cisco, whitefish, and pumpkinseed which eat the zooplankton) to fish-eating fish (piscivores) which are the ones fishermen want to catch. The balance in the chain is usually controlled from the bottom up. Thus the quantity of phosphates (nutrients) introduced into the water by bathing in the lake increases the amount of algae and plant life.

But the chain can also be affected from the top down. If people overfish the piscivores, the plankton-eating fish increase and over-eat the zooplankton. Then the phytoplankton or algae increase because they are not being controlled by the

zooplankton and suddenly all the rocks in the lake are fuzzy. Thus the live-catch-and-release ethic currently developing among anglers will help keep down the algae and underwater plants.

Neary also noted that, of the several kinds of fish in Mountain Lake, only rock bass puts pressure on the other species with no similar pressure being put on it. He therefore recommended that rock bass not be returned to the water when caught. Ardent anglers were pleased when he reported that there might even be a muskie or two in Mountain Lake since one has recently been caught in Twelve Mile Lake.

Jean Anthon turned the meeting to the political realities of dry land with a

discussion of taxation changes, advance election polls, acid rain and garbage.

FOCA is proposing that funding of education no longer be tied to property taxes. According to Anthon, Ontario demands the most of any province from this revenue source, indeed the most of any country except Great Britain which is in the process of abandoning this tax base. The Minister of Education, Chris Ward, is in favour of the change and Anthon urged members of the association to write to him as well as to John Eakins, MPP for Victoria-Haliburton, and to their residential MPP indicating support for a change in education funding.

New approach to education taxes proposed

(from page 22)

Anthon underlined that FOCA's proposal will not shift the taxation burden from cottagers to permanent residents. In fact, it will lighten the burden for those who live here year-round. The meeting passed a resolution urging the Township of Anson, Hindon and Minden to pass its own resolution in support of FOCA's proposals for changes in the funding of education.

Anthon reported that while John Eakins, Minister of Municipal Affairs, has granted a second mandatory advance poll for the upcoming municipal elections, it is still on a weekday and does not address the request for such a poll on the Thanksgiving weekend.

According to Anthon, Eakins said he had not had any indication of strong feeling among cottagers in favour of an advance poll on Thanksgiving; so members were urged to write him on this subject as well. She also indicated that the Association of Municipalities of Ontario (AMO) is apparently a source of resistance to the idea of a Thanksgiving poll. FOCA will be talking with AMO to explore their concerns. The meeting passed a resolution supporting an advance poll on Thanksgiving as well as continuing the open proxy regulations currently in effect.

Recently Anthon was invited to meet with ten

U.S. journalists being taken on a tour of Ontario and Quebec to see for themselves the effects of acid rain. Apparently there is a glimmering of hope in persuading Americans that acid rain pollution is having a devastating effect on Canadian lakes and trees. Bernie Neary commented that, thanks to controls on Ontario Hydro and INCO, acid rain in Ontario has fallen 30 per cent. However, the cloud from south of the border that drove the pollution index in southern Ontario up to 60 during the recent heat wave will spill its poisons onto the earth with the first rainfall.

Finally, Anthon announced that a new citizens' group is forming in the county to address environmental questions. It is called CHANGE: County of Haliburton Associates for a Naturally Good Environment. First among their concerns is recycling. Anthon noted that 85 per cent of the garbage local municipalities have to contend with comes from cottagers. A petition may be circulated to cottagers later in the summer asking for indications of support for a recycling program.

OPP Officer Mike Maybee asked those present to take part in a program of neighbourliness dubbed Cottage Watch. It simply involves keeping an eye on your neighbour's property and reporting any people who are not familiar to you. If there is a strange vehicle

Michael Mahoney, Acting President of the Mountain Lake Property Owners' Association, addresses the annual meeting held on Saturday, July 9, at the Wild Water Preserve clubhouse.

around, make a note of the date, the licence number and the make and model of the vehicle.

Maybee also encouraged members to make use of the new Emergency Services map prepared by MLPOA. He commended the group for taking the initiative in creating the map and said that a copy of it is in the radio room at the police station, handy to the dispatcher. He also urged people to put a description of where their place is beside the telephone for the use of visitors in case of emergency. Start from a known point and use specific distances and landmarks.

The only constitutional piece of business on the MLPOA agenda involved a change in the formal name of the association in

preparation for incorporation. Acting president Michael Mahoney reported that there is another Mountain Lake near Sudbury. Accordingly, the official name was changed to Mountain Lake (Haliburton) Property Owners' Association.

Halfway through the meeting, a break in the proceedings was called in order to share a cake brought by Jean Anthon in celebration of the MLPOA's tenth anniversary.

A number of prizes donated by local businesses were won by some of those present. Special thanks was extended to Austin Realty, Highlands Cinemas, Highlands Plumbing, Home Hardware, IGA, Leon's Video and Valu-mart for their generosity.

Licence sales raises over \$9 million

Sales of the new Ontario resident sport fishing licence, which came into effect last year, have exceeded the expectations of the Ministry of Natural Resources.

The licence became mandatory on January 1, 1987, for most adult Ontarians aged 18 to 64. The first licences were available in November 1986.

It was predicted sales of the 1987 issue would reach \$8.2-million. But by the end of 1987, more than 900,000 licences were sold, generating in excess of \$9-million in revenues.

"The public's response to the licence has been very gratifying," Vince Kerrio said. "Fishing enthusiasts see the Ontario resident's licence program as a way of becoming actively involved in promoting this valuable resource," said the Minister of Natural Resources.

Funds equal to the revenue from the sales of the licence are being, and will be, allocated to fisheries management projects across Ontario.

From November 1986 to date, \$8.9-million has been allocated to expand the fisheries program, and the allocation for this fiscal year will be increased by \$950,000 to a total of \$9.15-million.

For the 1987/88 fiscal year, 30 per cent of the \$8.2-million budget - almost \$2.5-million - was spent on fisheries projects in northern Ontario. Another 46 per cent - about \$3.8-million - was spent in southern Ontario.

The remaining 24 per cent was distributed throughout the province to fund projects, such as research, fish culture, public service and general habitat assessment and rehabilitation, that benefit the whole of Ontario.

The types of projects include: population and habitat management, large scale rehabilitation of degraded habitat, law enforcement, public education, inventory and assessment, research, fish culture and minor capital works such as construction of access points. The funding also covers the

cost of producing, distributing and accounting for licence sales.

Examples of fisheries projects funded in whole or in part from licence revenue include building fishways, stocking of hatchery-reared fish, rehabilitating habitat to improve natural reproduction, improving access to fishing areas and studying spawning sites and specific fish populations.

Resident fishing licences, valid throughout 1988, went on sale in December. They are available through the ministry's network of private licence issuers and from MNR district offices. The cost of the licence remains unchanged: a licence valid year-round costs \$10 and a \$5 licence is valid for four consecutive days.

"Judging from the response to the 1987 licence sales, I am certain the 1988 licence will be even more popular. People have been very enthusiastic about the stewardship aspect of buying the licence," said Kerrio.

Dry spell could result in more bear sightings

For the second year in a row Central Ontario has suffered a prolonged dry spell bringing black bears out from the woods.

MNR wildlife Technician, Eric Mitchell explains that, "Berry crops which the bears rely on to build fat reserves for winter are small to non-existent. Moist, rotten logs, which usually yield a bounty of rich grubs and insects, have dried up."

About this time, young bears wander about looking for new territories. So, when these wanderers can't find a lush berry patch they may end up at a campsite, or cottage. The more a place resembles a free food outlet, the more likely the bears are to come visiting.

The most important thing to realize is that the bears are more or less doing what comes naturally - trying to scrape out a living in a less than ideal environment.

The best way to avoid a visit from a black bear at your home or cottage is to:

- clean up your garbage.
- Make periodic, even daily trips to the dump.
- Don't leave food lying about.

- Burn the grease off the gas barbecue once in a while.

- Buy a garbage can, and bag your garbage. Fasten the lid with tie-down straps. (This won't stop a bear, but it will deter the raccoons from spreading garbage all over the yard, attracting the bears).

- Wash your dishes right after eating. Real dishes are better than paper plates, since they usually don't end up in the garbage.

- Try to reduce waste and re-cycle if possible.

When all else fails, and you do have a problem bear, call the local office of the Ministry of Natural Resources. Conservation

Officers are trained to handle these situations in a humane way. Try to remember that bears are wild animals, and can be very unpredictable. In many cases, we are intruding on their territory.

If you wish to learn more about bears and bear behaviour, please contact your local MNR office. Staff will be more than willing to answer your questions.

Did you know?

by Doreen Hawman

It's the time of year when our thoughts turn to travel. A new service called Freedom in Travel, funded by the Secretary of State is now available for people who are disabled. By calling 416-234-8511 disabled persons are able to have questions answered, receive help with their travel plans and guidance if a problem should arise. The service is designed for those with vision, hearing and mobility problems as well as "invisible" difficulties caused by such conditions as multiple scler-

osis, diabetes, epilepsy and arthritis.

If you are having difficulty completing a form or require information, contact the Haliburton County Information Centre located in the Drag River Municipal Building, Maple Ave., Haliburton. The centre is open Monday to Friday 10 a.m. to 4 p.m. or call 457-2733.

For residents of the Minden area, the centre, situated in the Municipal Building, Milne St., Minden, is open every Tuesday from 10 a.m. to 4 p.m. or call 286-4100.

Annual tournament helps fire department

Phil Dickson and Joyce Bradbury led the field of golfers taking part in the annual M and R Airlines Golf Tournament held at Beaverbrook Golf Course in Minden. Phil captured the men's low gross trophy with a score of 69, while Joyce Bradbury was the winner on the ladies side carding a 107.

The tournament has become a regular fixture on the summer golfing circuit in the Highlands. It is sponsored by the airline company from Buffalo, New York whose owner, Joe Enfield, and some staff members have been vacationing in the Highlands for a number of years. The organizers also sell sponsorships to local businesses for the competition, with the proceeds going to the Minden Fire Department Equipment Fund. This year the event raised \$1750 for the local department.

Other trophy winners in the competition, determined under the Callaway handicapping system included: ladies, Maxine Cross with a 65, Gwen Paterson with a 70, and

Phil Dickson, above, captured low gross honours in the men's division of the M & R Airlines Golf Tournament played last week at the Beaverbrook course in Minden. Phil shot a 69 for his first place finish. Presenting the trophy to the winner is local organizer Al Mayo, left, and tournament sponsor, Joe Enfield. Joyce Bradbury accepts the low gross trophy from organizer Al Mayo following the tally of scores in the M & R Airlines Golf Tournament. Joyce shot a 107 to lead the ladies field.

Helen Rice, also with a 70. In the men's section, John Finn scored a 65, Al Mayo carded a 68 and Bob Leeder was third with a 71.

In other competitions, the closest to the hole prize went to Craig Crowe; trophies for the fewest putts were awarded to Jean Barket (35) and Bob Osborne (28). The longest

drive was won by Flo Copeland and Dan Arbours. The most honest golfers of the tournament were Theresa Finn with a 230 and Peter Allore at 134.

In addition to the 18 holes of golf, the participants enjoyed an opening cocktail party and a social following the event.

Annual sale opens

by Shirley Hodgson

After weeks and in some cases months or preparation - the big night had finally arrived - July 8 - the opening of this year's Summer Sale and Show.

I'm sure everyone will agree that this year the display of articles was beautifully prepared. Under the careful direction and management of Cecile and Alex McLeod, and of course, the artistic convenor, Claire MacLeod - this year's show has been a challenge to everyone involved and a credit to the community.

This is the Guild's major economic attraction and congratulations to the leaders and, of course, all the many volunteers. Without their help, the Show would not be the success that it is.

The Guild Choir performed with their usual perfection and their music was enjoyed by all in attendance. Congratulations Marilyn Stouffer and to all the choir members.

This year's guest speaker was Walter Sunahara, Senior Associate Community Arts Officer of the Ontario Arts Council.

He was a most interesting speaker who seemed to be thoroughly enjoying every moment that he spent with us.

Just a special note of thanks to Chris Postlethwaite for arranging the beautiful flowers that were on the stage. She has done this faithfully for quite a few years and she most certainly does deserve a few words of appreciation. Thank you Chris.

Congratulations to all the winners in this year's show (Their names will be mentioned in another article). There are 115 exhibitors in this year's show and I'm sure that everyone will agree that it must have been difficult for the judges to decide as all the artists are so talented.

Here is a quote from the notes of Wendy Bateman, (who, incidentally, won numerous prizes at this year's show and as one of 60 participants in the Wyoming Fibre Affair Conference, was presented with "The Best in the Show" award). "The one talent we are given "equally" is time." The artists involved most certainly have made full use of their time and talents.

Be sure to see the display of miniatures at the Rails' End Gallery from July 1 to

August 1. The miniatures is a mixed media exhibition of art created by the faculty members of the Haliburton Highlands School of Fine Arts.

Have you noticed the sculptures in the park near the Gallery? This is entitled "From The Ground Up" - (from July 1 until September 3). This outdoor sculpture exhibition was arranged through the Art Gallery of Ontario. Tom Benner installed seven muskox while Reinhard Reitzenstein created on-sight sculpture using trees and the railway tracks.

Please note the "Fakes and Forgeries" Lecture. Speaker David Wistow from the Art Gallery of Ontario. Date: Wednesday,

July 13 at 7:30 p.m. at the Rails' End Gallery - Don't be duped - Fakes and forgeries infiltrate the Art World.

The Summer Film Festival - at the Rails' End Gallery will be screening a wide variety of films during the summer - on Wednesday, July 20 - Margaret Lawrence "First Lady of Manawaka" and "A Bird in the House" and on July 27 - Emily Carr - "Growing Pains" and "Little Old Lady on the Edge of Nowhere".

Welcome to Amber Woods from London, Ontario who is the young lady assisting at the Rails' End Gallery this summer. Good luck and we hope that you enjoy your stay in Haliburton.

Lawn bowlers win medals

The lawn bowling section of the Ontario Senior Games in now history. The games began on May 28 at 9:15. With the help of the O.P.P. (Older People Power) a tight security was set up at the door. As the Gladiators "pardon me" competitors arrived each were searched for offensive weapons, and before the first of 4536 bowls were thrown - 6 bowie knives, 3 hand grenades, 9 WWI Ross Rifles and 22 - 9 inch hot pins were securely placed in the van outside the building set up for this purpose.

If you feel that the above precautions were a little much, you do not realize the competitive spirit of Haliburton Seniors! Bikers, hippies and skinheads are wimps in comparison.

Under the above conditions the games began and for three days at approximately 5 hours per day, the tension growing each game, only the fact that coffee and sedatives were available at the end of each set kept things under con-

trol. After three days 1000 questions, 10 answers and 50 I don't knows and 27 audits, things sorted themselves out and winners were declared as follows:

Gold: Gloria Lemieux, Tom Hurtt, Georgina Deeks.

Silver: May Sinclair, Don Sinclair, Nancy Moore.

Bronze: Bessie Burk, Harry Wooley, Gladys Reid.

As arranged prior to the start, the top two teams will play off for the rights to participate in the all Ontario's at Brampton in August. On Tuesday, June 14th after more standoffs than a politician's election platform the war "oops" the game was won by the team of Gloria Lemieux, Tom Hurtt, Georgina Deeks.

Oh well, next week we have an easy assignment. It is a group of six year olds debating the merits of Free Trade, and the end results to the Meech Lake agreement. Oh Hum!

DRUNK DRIVING KILLS!

Will alcohol claim you as yet another victim of escalating statistics? Each year, the scene is the same. Friends gather together, and will have a drink or two...or three. Then it's time to go home. Whether around the block or long distance, the effect of even one drink makes you a threat to yourself and others!

Reflexes become sluggish and judgement is impaired. In short, you become a potential killer as soon as you get behind that wheel. This summer, if you drink, use your head. Don't drive. If a friend has had one too many, encourage him to find another way home. Don't let your celebrating lead you down a dead end street..... permanently!

around the county town

by Jeanne Sears. Call 286-1538

Minnie Dudman spent the time from May 21st through June 20th visiting with Fran Crawford at Calgary and this included a trip to Banff and to see the Rockies. She also visited Ken and Susan Lee out there.

* * *

Mary and Willard Smith of Horseshoe Lake enjoyed their 45th wedding anniversary with their children and friends at a barbecue at their home. They received scrolls from Federal, Provincial and County. Members of Parliament as well as John Eakins. People present were from Niagara Falls, St. Catharines, Welland, Peterborough, Ennismore, and this area. Congrats to this happy couple.

* * *

Jean Lacey and Jeunne Simpson enjoyed attending the Flower (Horticultural) Show at Pefferlaw on Saturday, July 9th where Jean Lacey was doing the judging.

* * *

Ken Rowden continues in the same condition at Sunnybrook Hospital and we hope he will soon make recovery.

* * *

Beulah Hewitt spent last week visiting with Mr. and Mrs. Moyer Hewitt and family at Tottenham.

* * *

At the Monday night euchre games at Club 35 winners were for 50 - 50 draw Dolly Kelly, lone hands - Mary Stevenson, and others Phyllis Cramley, Ken Wallace, Verna Sawyer, Edith Russell, and Wanda Mole.

* * *

Mr. and Mrs. Ralph Brown, Nancy and Deedra all of Toronto spent the weekend with the Wally Browns of Lochlin.

* * *

Florence Robinson was away for several days visiting Grace and Ern Voycey at Gamebridge and also at Woodville with Eileen and Paul Cockburn and Michelle Cockburn, Jamie and Mark.

* * *

Sincere sympathy goes to the families and friends of the late Violet McNevin, Zetta Williamson and Randy Griffin whose funerals were since last week.

* * *

Valerie and Tina Gilbert were at Barrie last week visiting Bryce who is employed over there.

* * *

Rheta and Clare Brown report having a very

enjoyable motor trip through northern Ontario and visiting some of their friends at various places.

* * *

Mr. and Mrs. Wally Brown had Mr. and Mrs. Herbert Hagar and Paul from Manitowadge visiting them and the Hagars also visited at Bethany and Lindsay.

* * *

I was away last weekend (again sez you) visiting the Rick Moths at Toronto and also at the Murchison-Sears Family Picnic on July 10 at Earl Rowe Park near Alliston where most of our families enjoyed a day. The water was great and kept us cool and the food great on a very hot day.

* * *

Several people having birthdays, one being Verna

Sawyer and other is Amelia Good at Hyland Crest, hers on July 19th, with good wishes to both.

* * *

Visiting last week with Mr. and Mrs. Keith Brannigan were her daughter Colleen and grandson Gordon Bonspiel from Mississauga.

* * *

We hear that the former manager of the Valu-mart has been replaced by Bill Dillon.

* * *

Jack Weekes celebrated his 80th birthday on July 13 with games of shuffleboard that morning with the Senior group. Later there was a picnic at his former home, on Twelve Mile Lake where he had lived for 55 years. This was given him by his daughter Mrs. Allan Devan and there were some 40 people present from Toronto, Richmond Hill, Stratford as well as many friends from various places. Belated good wishes.

* * *

Very successful sales lately, with three sittings at the United Church Supper on Wednesday. The Museum Group had a good Yard Sale and there will be Yard Sales at various times this summer at the Bill Moore home on Prince Street for the Museum. Any articles donated will be welcome and for further information call 286-1674.

* * *

The Haliburton County Alzheimers Support Group is presenting a free video film (Twice a child) on Wednesday, July 27 at 7 p.m. at Minden Gospel

Church and Anne Ollikanein R.N., B.A., M. Ed. will answer questions relating to this disease. For further information call 286-2387.

* * *

Glad to see our Minden Legion is now open six days a week.

* * *

Jeanne, Mike and children Jim, Sheri and Mike Cruickshank and Ron, Shelburne; Cliff, Cheryl and Darrin, Ian and Derek Lacey, Mono Mills; William, Wendy and Dawn, April and Jeremy Lacey, Shelburne; Joanne, Jim, Joshua and Crystal Oatman, Shelburne; Jeunne and Jim Simpson, David and Carol Lacey with Jean Lacey were all at the dedication of the laying of the stone on Cliff Lacey's gravesite on Sunday, July 10, 1988.

* * *

Several coming events: Minden United Church Women are having a Bake Sale and Bazaar at the Parkette July 22nd at 10 a.m. July 23 and 24 is Wilberforce Rockhound Festival, call 448-2237. Minden Rotary Carnival goes July 27 (no parade) and then Friday is the Heineken Yard foot race, leaving Onondaga Camp at 5 p.m.

* * *

We Are Killing Ourselves
We did not have to listen

To Kruschev saying "We will bury you!" We are doing it to ourselves.

Do you remember Atlantis and Pompeii? These people thought they had the world

As an oyster - They were free and gay What matter another day - But nature is stronger Than all of us.

And it is now telling us Cease before it is too late. Never mind that our lakes are filled with slime That fish are dying That birds covered with grease

Unable to fly It will go away by and by - we think - Stop doing the mundane things

That mean so much to us all Trash and pollution are nothing!

The ozone is parting And if we do not adhere We will be departing This beautiful world - blossoms in the dust.

Stop the dangerous things That are killing us and our children If we do not pay attention To those who know more than we

We will be rubble in the dust And not too far in the future!

And the sun, a dying ember Will shine On another lifeless world!

Yvonne

senior league

by Pearl Lyle

Hello Readers. Lovely warm day again. Mr. Mason from Boshkung assisted Mr. Burgess in the service on Sunday evening. Mrs. Mason stayed with Mrs. Burgess. We are pleased to know Mrs. Burgess is well enough to be home and we hope she will continue to improve.

Mrs. Rose played the organ for the hymns. Tuesday morning chapel service was in charge of Rev. Jim Fast.

Our Thursday afternoon tea was served by the Ladies from Lutterworth Pines. It was delicious. There was no Sing Song this time as we had our Residents' Council Meeting at 3 o'clock.

Friday afternoon we enjoyed a movie, "The Call of the Wild."

Dora Dawson spent the weekend with her friend Isobel Gibbs of Maple Lake and on Monday went

quitting with Alice. Mrs. Doris Lyle (my daughter-in-law) from Sundridge came on Tuesday to see me and we

went for a short drive and back. It wasn't quite so hot as it had been. Last week I had a visit with my granddaughter Louisa and her husband Chris Gibson from Edmonton. There was a real heavy rain storm in Edmonton while they were here. It was a much needed rain, as it was as bad there as it was here for kind.

We extended our deepest sympathy to Mr. and Mrs. Griffin and family, who lost their son recently. We are glad to see Annie Schultz home from hospital looking well after her operation.

See you next week. Life's difficulties and disappointments are meant to make us better, not bitter.

by Jean Lacey

Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and dia-

gonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off the list.

It's as easy as that. Have fun!

HAPPY 21st GUBBY

Love, The Family

Linda Salvatori is presented with the first LPC plaque in recognition of her outstanding volunteer contribution to the party by former Federal Liberal candidate Bruce Glass, who expressed his personal regard for Linda and her tireless efforts on his behalf during the 1984 campaign.

Liberal honour

submitted

Haliburton County resident Linda Salvatori has become the first recipient of the Liberal Party of Canada's special achievement recognition for outstanding volunteer contribution to the party for the Victoria - Haliburton Riding.

The presentation was made July 10 at a gathering attended by close to 40 party organizers, family and friends. Among those on hand for the presentation were Victoria - Haliburton MPP John Eakins, former Federal Liberal candidate Bruce Glass, and Federal Liberal Riding Association President Bill Scott.

Salvatori was one of a handful of party supporters instrumental in the formation of a Liberal organizing committee, established to serve the Haliburton area. Among the many accolades expressed during the presentation was the deep appreciation of her organizing skills and her over-all

dedication to both federal and provincial Liberal party efforts.

New name for ambulance service

The Minden Ambulance Service, which now covers all of Haliburton County, may soon be getting a new name.

Anson, Hindon and Minden Townships Council, which manages the service, applied to the Ministry of Health to have the name changed to the

Haliburton County Ambulance Service. The Ministry has now given approval to the new name.

"The name change you are proposing is very appropriate," said Fred Rusk, Central-East Regional Manager for the

ministry. In a letter to council, he said the ministry supports this proposed name change.

The only thing needed now to make the change official is permission from Haliburton County Council.

or at home - 286-4626

3 factors affect property sales

submitted by the
Haliburton District
Real Estate Board

Question: I am putting my cottage on the market and have heard that the 'sky's the limit' regarding asking price. I have an older cottage in a great location. What factor will be the most important in realizing top dollar for my property?

Answer: It has been well documented that there are three major factors in realizing a satisfactory offer to purchase: 1) location 2) demand 3) condition. However, in your case the first two are 'givens'.

In order to realize the highest offer possible the most important factor will become the condition of the cottage and the property. Just because it's

a beautiful lot doesn't mean that you can ask top dollar even though it is badly overgrown. The same pertains to your cottage. A badly peeling building with rotted boards in the deck or dock and covered with cob webs will definitely turn people away. In this market you need an edge ... that edge certainly becomes condition. Don't leave renovations unfinished ... paint the decks, the exterior, finish the ceilings, make certain all the trim is completed, and the floors covered.

You need not spend a fortune to prepare your cottage but it must look cared for and well maintained in order for your salesperson to bring offers that will be acceptable to you. In the current market, individuals are

realizing values 40 to 50 per cent over last year's prices. However, competition is increasing and the buyers are more discriminating. Ask your listing salesperson what he would advise in reference to creating an immediate impression of your property that leaves buyers saying to themselves, "This cottage has the edge!"

The Haliburton District Real Estate Board is an independent board under the jurisdiction of the Ontario Real Estate Association and the Canadian Real Estate Association (OREA and CREA). We currently have 93 members and 20 offices working for you in Haliburton County. If you have any questions regarding a real estate transaction, or if you would like more information before listing or

purchasing a property, board staff would be pleased to answer all inquiries. We can be reached at the board office located at Box 760, Minden, Ontario. K0M 2K0. Phone 286-2635.

PLAY IT SAFE!

Ensure your children understand and observe all warning signs at beaches, lakes and pools.

CARD OF THANKS

Haliburton County Home Support Services and Drop-In Centre would like to say Thank You for: Donations of Baking, Yard Sale Items and generous gifts of money; To those who supported the sale by purchasing our "treasures"; A heartfelt thank you to our dedicated volunteers: Bob Hollobon, Don Clee, Bill Mighton, Mary Hannah, Vy Aikman, Eva Hughey, Gloria Sawyer, Ev and Fred Vanderland, Ken and Helen Henderson, Karen Henderson, Harry Woolley, Ev Stata, Ernice Warder, Vy Smith, Jack Stewart, Alf and Laura Hartwick and Helen Dugan. And a very special thank you to Marjory Peel (Chief!) without your leadership this project would not have been as successful. Total receipts for day \$1,283.07. 7C

The family of the late GARNET B. PAULL thank all their friends and relatives for their sympathy and kindnesses during our loss. Thanks to the doctors and staff at Ross Memorial ICU and the Gordon A. Monk Funeral Home for their assistance. Special thanks to Pastor Ina Robinson and Pastor Burrell Cross of Faith Tabernacle Church. 7C

We wish to thank people for all cards, calls and visits concerning our son Richard, who was injured in an accident recently. A special thanks to Elda Henderson for driving me to Toronto and for making the long hours bearable.

Leroy & Pat Lichty,
Roylee Lawn Care

Mountain Lake Property Owners' Association would like to thank the following Minden merchants for providing the many door prizes for our Annual Meeting which was held on Saturday morning, July 9, 1988: Highlands Plumbing and Heating, Leon's Video, Highland's Cinemas, Kinmount, Austin Realty, IGA Minden, Valu-mart Minden, Home Hardware Minden. 7C

CARD OF THANKS

Special thanks to all the participants in the M & R Golf Tournament who purchased a ticket for the cushion and afghan raffle. Proceeds from the raffle will be going to the Five Counties Children's Centre in Peterborough.

Sonya Stevens

I wish to thank Elda Henderson and the people involved in the surprise party to celebrate my graduation from the nursing program. The music was "great" and it's nice to be home after 2 years.

Pat Lichty

IN MEMORIAM

MISCIO: Petrol. In loving memory of a dear brother who passed away July 20, 1979.

Things I feel most deeply
Are the hardest things to say
Dear Petrol how we miss you
In a very special way.
If I could have one lifetime wish
A dream that could come true
I'd pray to God with all my heart
For yesterday and you.

Sadly missed, sister Vera.

IN MEMORIAM

GARTSHORE: In loving memory of a dear son, brother and uncle Don, who passed away July 20th, 1978.

There will always be a heart-ache
And often a silent tear.
But always precious memories
Of the days when you were here.
We hold you close within our hearts
And there you will remain
To walk with us through all our lives
Until we meet again.

Lovingly remembered and sadly missed by Mom, Vern and Marlin, Craig, Marg and Jason, Gary, Pat, Chris, Gary Jr. and Sean.
